

I've Been Caught Eating Healthy

We have developed the sticker template on the following which schools can use to print their own stickers and to reward students when they are caught eating healthy. The stickers can be printed on standard Avery Labels, size 22805 and prints well in color and B&W.

To print this PDF template on the labels correctly you will need to make the following print adjustment: Click print and then go to the Page Handling options. In that option box set the "page scaling" to NONE (See photo below). Then the PDF will print on the stickers correctly.

Status: Ready
