

What am I Drinking?

5210 Introduction

Sugar sweetened fruit drinks, sports drinks, sweetened teas, and energy drinks don't seem so sweet when you consider their harmful effects on your health. They are the number one source of calories and added sugars in the American diet. Check out the monthly challenges to see what's in your drink and ways you can incorporate healthier drink options.

Did you know a bottle of Powerade contains 11 ½ teaspoons of added sugar? The Dietary Guidelines for Americans 2015-2020 recommends only 12 teaspoons of added sugar a day and The American Heart Association recommends even less. To see what's in your drink visit <https://bit.ly/2HVHW9v>. To learn more about 5210 Healthy Children, visit 5210.psu.edu!

Rethink your drink this month. Incorporate more water and less sugary beverages. Use <https://bit.ly/2RGFLGg> to see why you don't need sports and energy drinks. #5210HC behaviors #rethinkyourdrink
